The strategy of 5G cellular mobile networks will be elaborated in Belarus

By order of the Prime Minister of the Republic of Belarus dated November 20, 2019 No. 585r, it is envisaged to create a working group in order to develop a strategy for creating the fifth generation (5G) cellular mobile telecommunication networks in the Republic of Belarus.

According to the document the working group is entrusted with the duties of:

 Elaboration of the strategy on creation of the 5G cellular mobile networks in the Republic of Belarus (5G);
 Preparation of the complex proposals on a model of the creation of the 5G cellular mobile networks in the Republic of Belarus for the direction of them to the Head of State (term – until 2 March 2020).

The First Deputy Prime Minister of the Republic of Belarus Aleksandre Turchin has been named the Chairman of the working group.
