ITU Forum “Smart Sustainable Cities: social, economic and governance perspectives” will be held from 15 to 17 February in Minsk

ITU Forum “Smart Sustainable Cities: social, economic and governance perspectives” will be held from 15 to 17 February in Minsk in The International Switching Center RUE Beltelecom located at: Minsk, str. Zaharova, 55.

This Forum is addressed to representatives of ministries, regulators, municipalities, telecom operators, universities and general education institutions, telecommunication equipment manufacturers, research and development institutes, software developers and other interested stakeholders.

This event will held back to back with the meetings of the ITU-T Study Group Regional Groups for Eastern Europe, Central Asia and Transcaucasia (SGRG-EECAT).

The Forum was held in hybrid format (physical + online) in Russian language only.

The Forum is jointly organized by the International Telecommunication Union and OJSC “Giprosvjaz” with the support of the Ministry of Communication and Informatization of the Republic of Belarus.
