News of Belarusian postal service

 Today, there are more than 4 thousand postal facilities operating in the Republic of Belarus. 28 operators have a license to provide postal services.

 New achievements in the field of postal services:
- Development of the National Postal Electronic System and electronic prepayment system.
- Services “Mobile Postman” and Pre-postage processing.
- Expanding the Parcel lockers network

 The National Postal Electronic System allows you to quickly forward letters with proof of delivery. Number of users - more than 5.4 thousand.

 Electronic prepayment system for legal entities simplifies payments for services. More than 18.7 thousand agreements were concluded.

 Service “Mobile Postman” provides a wide range of services, including banking services, even in rural areas — more than 6.1 thousand units are currently operating.

 Postal online store Shop.belpost.by offers distance trade with delivery in Belarus and to 40 countries. The assortment includes more than 27 thousand goods from 320 manufacturers.
